Solar & Energy Retrofit Public Showcase

Join us to learn how a local home owner intentionally designed his high-efficiency home to be net-zero energy ready and to supply its own solar energy.

Thursday October 3, 2019

6:30pm - 8:30pm

127 Forest Crowne Crescent, Kimberley

More info: email gcarignan@communityenergy.bc.ca

PRESENTATIONS

7 pm: Sanford Brown, home owner and manager of RDEK Building and Protective Services.

Learn how Sanford intentionally designed his high-efficiency home to be net-zero energy ready and to supply its own solar energy. Q&A

7:30 pm: Hamid Heidarali, P.Eng. HDB building science consultant.

Explore options for renovating a home to improve its energy efficiency, durability and comfort, while avoiding potential problems such as moisture, mould and ventilation. Q&A
